I want to abstain from this vote even though I like the idea of working for the Town Courts since I'm an active New York State Senate employee and the State Court gets grants from the Office of Court Administration. I want to check with the New York State Legislative Ethics Commission to make sure that that wouldn't be in any conflict.

Supervisor Ruso: As a point of discussion real brief, there's is a local government organization that just got cited by the Comptroller office. They were putting their money in a local bank and they were getting one-tenth of one percent interest. Whereas we talked to the local banks, same bank that they're using, and we are getting 3 percent. Three percent is 30 times greater than their interest rate that they're getting. All they have to do is talk to people.

TOWN OF NEW BALTIMORE
PROCUREMENT POLICY

Purpose

To ensure the prudent and economical use of the public's money for the purchase of goods and services of maximum quality at the most economical cost, and to guard against favoritism, improvidence, extravagance, fraud, and corruption, the Town of New Baltimore, New York is adopting internal policies and procedures governing all procurements which are not required to be made pursuant to the competitive bidding requirements of General Municipal Law, Section 103, or of any other general, special or local law.

Purchasing Ethics

To maintain a high standard of conduct and to protect the reputation of the local government, the following rules of conduct with apply:

1. To consider first the interests of the local government and the betterment of its government.
2. To obtain the greatest value for every dollar spent.
3. To be receptive to advice and suggestions from department heads, insofar as such advice and suggestions are not in conflict with legal or moral restrictions in purchasing procedures.
4. To strive for knowledge of equipment and supplies in order to recommend items that may reduce cost and/or increase efficiency.
5. To insist on and expect honesty in sales representation whether offered verbally or in writing, through the advertising or in a sample of a product submitted.
6. To give all responsible bidders equal consideration and the assurance of unbiased judgment in determining whether their product meets specifications.
7. To discourage the offer of, and to decline, gifts which might influence the purchase of municipal equipment and supplies.
8. To accord a prompt and courteous reception, insofar as conditions permit, to all who call on legitimate business missions.
9. To counsel and assist other purchasing agents in the performance of their duties wherever occasion permits.
10. To cooperate with governmental and trade associations in the promotion and development of sound business methods in the purchasing of equipment and supplies.
11. To seek or dispense no personal favors.

Competitive Bidding

1.) Every purchase to be made must be initially reviewed by each department to determine whether it is a purchase contract or a public works contract. Once that determination is made, a good faith effort will be made to determine whether it is known or can be reasonably expected that the aggregate amount to be spent on the item of supply or service is not subject to competitive bidding, taking into account past purchases and the aggregate amount to be spent in a year. It is unlawful to artificially split or divide a contract or enter into a series of transactions, to avoid a competitive bidding threshold. The source of funds to be spent does not alter the requirements of competitive bidding i.e. Public Grants. No purchase can be made without the appropriate funding to support the purchase in place.

JANUARY 1, 2024 – Page 15

Draft 1/1/24

Adopted 1/8/2024

The following items are not subject to competitive bidding pursuant to Section 103 of the General Municipal Law: purchase contracts under \$10,000 and public works contracts under \$35,000.; emergency purchases; goods purchased from agencies for the blind or severely handicapped; goods purchased from correctional institutions, purchases under State and County contracts; surplus and second-hand purchases from another governmental entity, and Sole Source purchases. Sole Source purchases are done when a product or service is available from one source only, the product/service is uniquely required in public interest, or if there is no substantial equivalent.

The decision that a purchase is not subject to competitive bidding will be documented in writing by the department making the purchase and presented to the Town Board.

2.) All goods and services will be secured by use of written requests for proposals, written quotations, verbal quotations, or any other method that assures that goods will be purchased at the lowest price and that favoritism will be avoided, except in the following circumstances: purchase contracts over \$10,000 and public works contracts over \$35,000; goods purchased from agencies for the blind or severely handicapped pursuant to Section 175-b of the State Finance Law, goods purchased from correctional institutions pursuant to Section 186 of the Correction Law; purchases under State contracts pursuant to Section 104 of the General Municipal law; purchases under county Contracts pursuant to Section 103(3) of the General Municipal Law; or purchases pursuant to subdivision 6 of this policy.

3.) All procurement and rental/lease of equipment, materials, supplies and nonpersonal services shall be requisitioned through the Town Board, regardless of dollar amount, with the signed approval of the requisitioning department’s supervisor prior to ordering.

The following method of purchase will be used when required by this policy in order to achieve the highest savings:

Estimated Amount of Purchase Method	
Under \$1,000	Left to the discretion of the purchaser
\$1,000 to \$2,500	An oral request for the goods and fax/email quotes from at least 2 vendors.
\$2,500 to \$10,000	A written RFP and written/fax/email quotes from at least 3 vendors
Greater than \$10,000	A formal bid pursuant to GML 103(1)

Estimated Amount of Public Works Contract	Method Required
\$ 1 - \$ 2,500	No quotation
\$2,501 - \$10,000	2 written/quotations
\$10,001 - \$25,000	3 written/quotations
\$25,001 - \$35,000	4 or more written/quotations
\$35,001 – over	sealed bid required

A good faith effort shall be made to obtain the required number of proposals or quotations. If the department is unable to obtain the required number of proposals or quotations, the department will document the attempt made at obtaining the proposals. In no event shall the failure to obtain the proposals be a bar to the procurement. All documentation shall be maintained by the requisitioning department for review by the Town Board.

4.) Documentation is required of each action taken in connection with each purchase.

5.) Documentation and written explanation is required whenever a contract is awarded to other than the lowest responsible bidder. This documentation will include an explanation of how the award will achieve savings or how the bidder was not responsible. A determination that the bidder is not responsible shall be made by the Town Board.

6.) Pursuant to General Municipal Law Section 104-b(2)(f), the procurement policy may contain circumstances when, or types of procurements which, in the sole discretion of the governing body, the solicitation of alternative proposals or quotation will not be in the best interest of the municipality. the following circumstances it may not be in the best interests of the Town of New Baltimore to solicit quotations or document the basis for not accepting the lowest bid:

- a. Professional services or services requiring special or technical skill, training or expertise. The individual or company must be taken based on accountability, reliability, responsibility, skill, education and training, judgment, integrity, and moral worth. The qualifications are not necessarily found in the individual or company that offers the lowest price and the nature of these services are such that they do not readily lend themselves to competitive procurement procedures. In determining whether a service fits into this category the Town shall take into consideration the following guideline: (a) whether the services are subject to State licensing or testing requirements; (b) whether formal education or training is a necessary prerequisite to the performance of the services; and (c) whether the services require a personal relationship between the individual and municipal officials. Professional or technical services shall include but not be limited to the following: services of an attorney; services of a physician; technical services of an engineer engaged to prepare plans, maps and estimates; securing insurance coverage and/ or services of an insurance broker; services of a certified public accountant; investment management services; services of an actuary; printing services involving extensive writing, editing or art work; management of a municipally owned property; and computer software or programming services for customized programs, or services involved in substantial modification and customizing of pre-packaged software.
- b. Emergency purchases pursuant to Section 103(4) of the General Municipal Law. Due to the nature of this exception, these goods or services must be purchased immediately and a delay in order to seek alternate proposals may threaten the life, health, safety or welfare of the residents. This section does not preclude alternate proposals if time permits.
- c. Purchases of surplus and second-hand goods from any source. If alternate proposals are required, the Town is precluded from purchasing surplus and secondhand goods at auctions or through specific advertised sources where the best prices are usually obtained. It is also difficult to try to compare prices of used goods and a lower price may indicate an older product.
- d. Goods and services under \$500. The time and documentation required to purchase through this policy may be more costly than the item itself and would therefore not be in the best interest of the taxpayer. In addition, it is not likely that such minimal contracts would be based on favoritism.
- 7.) Unintentional failure to fully comply with the provisions of Section 104-b or the Town Board's policies and procedures shall not be grounds to void action taken or give rise to a cause of action against the political subdivision or district or any officer or employee thereof.
- 8.) This policy shall go into effect upon approval by the Town Board and will be reviewed annually by the Town Board to determine if updates or changes should be made.

Return of Goods

Whenever the Town receives a parcel that is either a duplicate shipment or an item that is to be returned for credit, the Town (the department holding the goods) should request from the vendor a "Return Goods Authorization Number" or a letter of authorization to return the goods. This provides the Town with the appropriate documentation to obtain the proper credit as well as to inform the vendor of the nature of its return. If no authorization is required then a letter should accompany the shipment advising the vendor as to why it is being returned with the follow information: Town Purchase Order #, vendor invoice number, and or name of contact at vendor's facility authorizing the return.

Purchase Requisition

A purchase requisition is a request to the Town Board for the purchase of goods or services. These requests are submitted in written/electronic format. All requisitions shall be authorized by the department head prior to submission to the Town Board in order to maintain internal control. In the absence of the Department head, a listing of authorized persons to approve requisitions on their behalf shall be submitted to the Town Board annually. Each requisition shall include a brief description of the product or service being ordered, and the appropriate product or part number.

The Purchase Order

A purchase order is an official document that binds the Town to procure goods or services as specified on the document. Purchase orders must provide sufficient description of the product being ordered or

service to be performed. It should detail order quantity, item description, part number (if available), unit cost, and departmental charge code to ensure billing to the correct department's general ledger.

Blanket Purchase Orders – This is a single purchase order that is issued to cover a specified period of time for repetitive purchases of the same goods or redundant services to be utilized. If a blanket purchase order is to be issued, indicate such on the requisition by typing "BLANKET ORDER".

Requests for Proposal (RFP)

A Request for Proposal (RFP) is a competitive procurement with an award based on price and other criteria which may include negotiation. An RFP is not an alternative to competitive bidding, except when expressly authorized by the State Legislature. An RFP may be used if procurement is within exception to competitive bidding and permitted under the Town's procurement policies. They are most commonly used for professional service, true leases and licenses/concessions. Procedures include:

1. Establishment of evaluation criteria (i.e. price; experience; creditworthiness; approach to performance; staff availability; ability to perform; and time estimates).
2. Comprehensive, fair solicitation process.
3. Fair and equitable negotiation process.
4. Fair review/evaluation or rating process.
